End Description

The above description containing approximately 1,527 acres utilizes the Ibex Pass 7.5 minute quadrangle map prepared by the USGS. The boundary calls listed herein are a result in part of scaling distances from said quad maps and are not a result of survey. All courses have been depicted upon the above mentioned quad maps and are made part of this official record. For boundary segments shared by the National Park Service and the Bureau of Land Management, the paragraphs above reflect the June 17, 1997 legal description text for the Death Valley National Park boundary. Acreage is calculated from the BLM California State Office ArcInfo wilderness coverage.

I hereby certify the legal description and map herewith represent the location of the boundary of the Saddle Peak Hills Wilderness designated by the California Desert Protection Act, Public Law 103-433, dated October 31, 1994.
